Affected products

Tomme Tippee Closer to Nature Electric Food and Bottle Warmer

Product description

Health Canada advises consumers on the Tommee Tippee Closer to Nature Electric Food and Bottle Warmer. The product has model number 1072, a six character batch code starting with a number and ending in 'GY', and UL certification file number E225323. The affected products were sold on their own and as part of kits containing a number of other, unaffected, products.

The following products and product sets contain the affected warmer:

Name	SKU	UPC
Closer to Nature Bottle & Food Warmer	52214410	6 66519 22144 4
Closer to Nature Complete Starter Kit	522585	6 66519 22585 5
	52258510	6 66519 22586 2
Closer to Nature Electric Bottle Warmer	663122	6 66519 63122 9

The model number, batch code and certification file number can be found on the underside of the warmer. The SKU and UPC can be found on the product packaging.

Hazard identified

The warmers can overheat and catch fire, posing a fire hazard to consumers.

Health Canada has not received any reports of consumer incidents or injuries to Canadians related to the use of this product.

Mayborn USA Inc. has received one report of a consumer incident related to this product in Canada, which resulted in minor injury.

Number sold

Approximately 17,500 affected products were sold in Canada and approximately 7000 were sold in Mexico through various retailers.

Time period sold

The recalled products were sold in Canada from December 2013 through April 2016.

Place of origin

Manufactured in China.
