Affected products

Saber Grills Model RA329 Liquid Propane (LP) Regulators

Product description

This recall involves only Model RA329 Liquid Propane (LP) regulators with a date code in the range of 1120 to 1344, which were:

- sold with certain SABER LP grills, warranty part kits, and natural gas to LP conversion kits;
- installed as warranty or service parts in certain other SABER LP grills; or
- installed in SABER natural gas grills and burners if they have been converted to use LP instead of natural gas.

The models of the SABER grills, warranty/service part kits and LP conversion kits that may contain the recalled RA329 LP regulators are shown below. The model number of the grill is located on a rating label located on the underside of the grease tray. The regulator model number is on the center of the regulator, and the regulator date code is stamped on the regulator adjacent to the gas tank connection.

Hazard identified

The grills' liquid Propane (LP) regulator can allow gas to flow at a higher pressure than intended, which can result in a gas leak and flame burst from the burner knobs, posing fire and burn hazards to consumers.

As of September 25, 2017, the company has received no reports of incidents or injuries in Canada. In the United States, the company has received 35 reports of incidents including 3 reports of singed arms as well as 2 reports of burned or singed hair.

Number sold

Approximately 7,700 grills and 500 warranty parts and conversion kits were sold in Canada and approximately 18,800 grills and 2,900 warranty parts and conversion kits were sold in the United States.

Time period sold

The recalled products were sold from December 2011 to April 2017 at various retailers across Canada.

Place of origin

Manufactured in China.
